Ushers and Greeters - please be mindful of the way you present yourself while serving. Casual attire is usually not appropriate. The attitude in which you present yourself says a lot about you and this ministry. Please follow the traditional guidelines for apparel. People will not be offended by you dressing up, but they may be offended by you not dressing the part. Unfortunately, man's tendency is to look at the outward appearance rather than focusing on the heart, so let's be mindful both in the way we dress, and in the way we view others.
